## THE POSITION

Jubilee Residences is a recognized and established organization providing Long Term Care (200 residents) in affiliation with the Saskatoon Health Region and Affordable Seniors Housing (250 housing units) through our "caring community" model. Our purpose is to provide excellence in care, shelter and support. We are an accredited organization through Accreditation Canada. We own and operate five facilities in Saskatoon and intend to significantly expand our social housing portfolio through new property development.

Reporting to the Vice President of Corporate Services, you will be responsible for effectively managing the numerous capital assets of Jubilee Residences including preventative and remedial maintenance planning, renovation projects and capital asset replacement planning. As a member of the leadership team, you will oversee staff; identify opportunities for efficiencies; promote safety, quality and process improvements; and improve the experience of living and working in Jubilee Residences. You will also work with the Executive Team on new property development ideas and projects. To review the job description please visit: [www.jubileeresidences.ca](http://www.jubileeresidences.ca)

## THE PERSON

- In addition to your strong supervisory and interpersonal skills, you will have a post-secondary degree in an applicable field with at least five years of managerial experience and budgetary responsibility.
- Preference will be given to candidates with project and/or construction management experience.
- Experience with senior's housing and/or building management is an asset.
- Good attendance required.

*Patient, Resident, Client and Employee Safety is a critical aspect of quality healthcare. All staff are accountable for creating a culture of safety, working as a team, communicating effectively and responding to adverse events.*

*The Saskatoon Health Region is committed to providing mentorship for our employees; all new external hires will be offered peer mentorship to support their transition into this position.*
