"REV'N UP!"

**Occupational Therapy
Summer Day Camp**

***Alvin Buckwold Child
Development Program***

We're here to help.

'Rev'n Up!' Summer Day Camp is a wonderful opportunity for children to work on Occupational Therapy related skill development within an exciting and encouraging group setting. Therapists will adapt the activities to the "Just Right Challenge" for your child to ensure the tasks are motivating and your child is successful!

There will be an opportunity for parents to identify specific goals that, where possible, can be incorporated into the group setting.

What can I expect?

This summer day camp will help develop kindergarten readiness skills such as:

- fine motor skills
- sensory motor abilities
- functional play skills
- functional self-care skills like dressing, feeding, toileting
- Social interaction skills
- Attending and listening skills

Any pre-kindergarten child who has seen an occupational therapist at ABCDP and has been identified as a client who would benefit from intervention in a group setting can register. There are 10 spots available in this group.

How does the program work?

Parents are encouraged to drop off and pick up their children to allow for a brief discussion of the highlights of the day. We are not able to provide transportation.

Parents are welcome to stay and observe as well.

The camp will follow a preschool type format including a snack time.

Handouts of activities for home may be included.

****When registering please include any allergies and dietary restrictions your child may have.***

Upon registering you will be mailed forms with more detailed information.
