

International Travel Centre

Before you see the world, see us!

www.saskatoonhealthregion.ca/internationaltravel

Located at Public Health Services - North East
108 - 407 Ludlow Street Saskatoon SK

Open Weekdays, Evenings & Saturdays
(306)655-4780

Call Monday to Friday 8:00 am - 4:30 pm to book an appointment.

Services offered:

- We offer travel medicine advice, vaccinations and anti-malarial prescriptions to protect your health during resort holidays and international trips.
- We are the only designated Yellow Fever center in Saskatoon.

Our Team:

Our team of travel medicine health professionals are members of the International Society of Travel Medicine (ISTM). Our team includes:

- Registered nurses that hold Certificates in Travel Health.
- Physicians with advanced training in travel medicine and traveller's health issues.

Our Travel Health Practitioners:

- Review your immunization history, recommend and administer vaccinations before your departure.
- Provide the appropriate health documentation and certification required for international travel.
- Provide resource material about health risks associated with your specific destination.
- Recommend purchase of travel related items, such as mosquito nets.

Additional Services Offered:

- Form completion required for post-secondary education or employment.
- Vaccines for those who do not qualify for free vaccines through the provincially funded immunization programs.

These vaccines include:

- | | | | |
