

Dictate on the **GO!**

The Fluency Mobile app allows you to dictate quickly and easily from any Android or iOS device.

It's fast, efficient and free!

Dictate your reports in front of the patient, after a care event, or on the way to your next appointment.

Just download the free app then reach out to eHealth (1-888-316-7446) for a username and password.

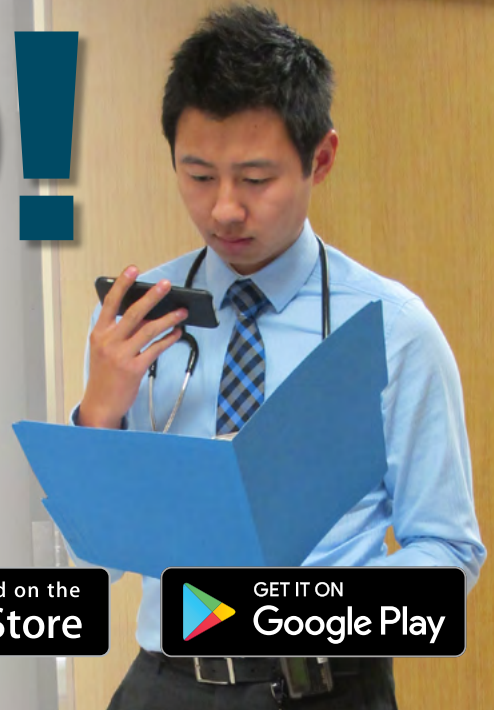

Do more dictations in less time!

Dictate on the **GO!**

Why the app?

- Access the new provincial dictation system.
- Build your voice profile from your smartphone.
- Log in using your fingerprint or password.
- Find your patients and work types easily.
- Fix your mistakes in real-time by inserting new speech or overwriting what was recorded.
- Pick specific recipients, then send your dictation to a transcriptionist.
