

Infection Prevention and Control Policy and Procedure Manual

Table of Contents

Number	Title
00	Introduction
00-10	Introduction to Infection Prevention and Control
10	Organization
10-10	Infection Prevention and Control Program
10-20	Infection Prevention and Control Committee Appendix A – Terms of Reference for the Regional Infection Prevention and Control Committee
10-30	Infection Prevention and Control Professional
10-40	Organizational Chart
10-50	Abbreviations and Definitions
20	Standard Precautions
20-10	Standard Precautions
20-20	Hand Hygiene
20-25	Point of Care Risk Assessment (POCRA) Appendix A – Point of Care Risk Assessment Algorithm Appendix B – Routine/Standard Point of Care Risk Assessment
20-30	Gloves
20-40	Masks, Eye Protection and Face Shields
20-50	Gowns
20-60	Linen
20-70	Dishes
20-80	Non-Critical Patient Care Equipment – Cleaning and Disinfection Appendix A – Cleaning Guidelines
20-90	Patient Accommodation
20-95	Respiratory Hygiene and Cough Etiquette
20-101	Safe Injection Practices
20-120	Spills (Blood and Body Fluids)
20-130	Specimen Transport
20-140	Health Record Document Contamination
20-150	Personal Protective Equipment (PPE) – Donning and Doffing Appendix A – Healthcare Worker Donning PPE Procedure Appendix B – Healthcare Worker Doffing PPE Procedure
30	Additional Precautions
30-10	Contact Precautions
30-20	Airborne Precautions Appendix A – AIR Flow Chart Appendix B – AIR Details
30-30	Droplet Precautions
30-40	Signage

Number	Title
30-50	Reference Table Appendix A – Communicable Diseases Reference Table - Precautions by Etiology or Clinical Presentation
40	Specific Prevention & Control Measures
40-20	Chickenpox (<i>Varicella Zoster</i>)
40-30	<i>Clostridium difficile</i> Appendix A – Medical Management of <i>Clostridium difficile</i> Appendix B – <i>Clostridium difficile</i> Checklist
40-40	Creutzfeld-Jakob Disease (CJD) Appendix A – High-risk CJD Client Management Appendix B – Management of CJD Specimens Standard Work Appendix C – CJD Containers Appendix D – Contents of the CJD Supply Bin
40-45	Cystic Fibrosis
40-50	Extended-spectrum Beta-lactamases (ESBL) Appendix A – Retesting Process to Clear ESBL Positive Status Appendix B – Testing Process for Contacts to a Newly Identified ESBL
40-60	Immune Compromised Clients – Protective Environment
40-70	Influenza and Influenza-like Illness (ILI) Appendix A - Nasopharyngeal Swab for Influenza Testing Appendix B – Influenza Management
40-80	Intravascular Infections – Prevention
40-90	Lice (Head) Appendix A – Dealing With Head Lice
40-100	Rubeola (Measles)
40-110	Methicillin-resistant <i>Staphylococcus aureus</i> (MRSA) - Acute Care Appendix A – Retesting Process to Clear MRSA Positive Status – Acute Care Appendix B – Testing Process for Contacts to a Newly Identified MRSA – Acute Care Appendix C – MRSA Decolonization Criteria Algorithm – Acute Care Appendix D – MRSA Decolonization Protocol – Acute Care Appendix E – CHG 2% Pre-moistened Disposable Washcloth Protocol – Acute Care
40-115	Methicillin-resistant <i>Staphylococcus aureus</i> (MRSA) - Long Term Care (LTC) Appendix A – Retesting Process to Clear MRSA Positive Status Appendix B – MRSA Decolonization Criteria Algorithm Appendix C – MRSA Decolonization Protocol Appendix D – CHG 2% Pre-moistened Disposable Washcloth Protocol
40-117	Methicillin-resistant <i>Staphylococcus aureus</i> (MRSA) - Community Appendix A – Retesting Process to Determine MRSA Negative Status Appendix B – Specimen Collection Guide for MRSA Appendix C – MRSA Decolonization Criteria Checklist Appendix D – MRSA Decolonization Protocol
40-118	Norovirus
40-130	Scabies Appendix A – Scabies Client Treatment Listing
40-140	Herpes Zoster (Shingles) Table 1 – Herpes Zoster Appendix A – Point of Care Risk Assessment

Number	Title
	Appendix B – Dermatomes
40-160	Surgical Site Infections – Prevention
40-170	Tuberculosis (TB)
40-175	Tuberculosis (TB) Management Program
40-180	Urinary Tract Infections - Prevention
40-190	Vancomycin-resistant <i>Enterococcus</i> (VRE)
	Appendix A – Retesting Process to Clear VRE Positive Status
	Appendix B – Testing Process for Contacts to a Newly Identified VRE
	Appendix C – CHG 2% Pre-moistened Disposable Washcloth Protocol
40-200	Ventilator-associated Nosocomial Pneumonia – Prevention
50	Environmental Control
50-10	Antiseptics & Disinfectants
50-20	Toys and Toy Cleaning
50-25	Computer Equipment – Cleaning & Disinfection
50-30	Pet Visitation and Pet Therapy Program
50-40	Construction, Renovation and Design of Healthcare Facilities
	Appendix I – Infection Control Risk Assessment
	Appendix II – Infection Control Permit
	Appendix III – Infection Control Inspection Sheet
	Appendix IV – Infection Control Checks
50-50	Resident Pets, Personal Family/Friend Pets, Pet Visitation and Pet Therapy Program - LTC
55	Outbreak Management
55-10	Outbreak Management - Acute Care
	Appendix A – Job Aide for Suspect Outbreak
	Appendix B – Infection Prevention & Control Outbreak Call List
	Appendix C – Suspect Outbreak Management Work Standard
55-20	Outbreak Management - Long Term Care
55-30	Antibiotic Resistant Organism (ARO) Outbreak – Acute Care
	Work Standard for ARO Outbreaks
	Appendix A – Phases of Outbreak Cycle
	Appendix B – Unit Processes During Outbreak Phases
	Appendix C – Unit Cleaning Guidelines Checklist Example
	Appendix D – ARO Outbreak Checklist
	Appendix E – Outbreak Transfer Communication Tool
	Appendix F – Multi-unit Staff Protocol for Entering an Outbreak Unit
	Appendix G – Cleaning/Disinfecting Commodes Work Standard
	Appendix H – ARO Outbreak Handouts and Posters
	Appendix I – PPE Audit Template
	Appendix J – Expectations for All Hospital Staff Poster
	Appendix K – Small SUSPECT Outbreak Poster
	Appendix L – Large SUSPECT Outbreak Poster
	Appendix M – Small CONFIRMED Outbreak Poster
	Appendix N – Large CONFIRMED Outbreak Poster
55-40	Gastrointestinal Illness (GI) Outbreak
	Appendix A – Is this a GI Outbreak Algorithm
	Appendix B - Patient Line Listing
	Appendix C - Staff Line Listing
	Appendix D – Enhanced Cleaning for Facilities & Engineering and Unit Staff
55-50	Scabies Outbreak

Number	Title
	Appendix A – Protocol for Scabies Investigation
	Appendix B – Patient/Resident Line Listing
	Appendix C - Staff Line Listing
	Appendix D – Client Treatment Listing
55-60	Influenza-Like Illness Outbreak
	Appendix A - Patient Line Listing
	Appendix B - Staff Line Listing
55-70	Visitor Restrictions During Outbreaks
	Appendix A – Visitors Algorithm
60	Surveillance
60-20	Notifiable Diseases
60-30	Screening for Antibiotic Resistant Organisms – Medical Directives
	Appendix A – ARO Admission Screen Medical Directive
	Appendix B – ARO Surveillance Medical Directive
	Appendix C – Specimen Collection Guide
70	Handouts
70-10	Teaching Handouts
Printable copies of the teaching handouts are available on the Saskatoon Health Region Infection Prevention & Control Policy and Procedure Manual Website https://www.saskatoonhealthregion.ca/about/Pages/Policies-IPC.aspx	
	Airborne Precautions – Client, Family and Visitor Information
	Chickenpox
	Client and Family Hand Hygiene Brochure
	<i>Clostridium difficile</i>
	Contact Precautions – Client, Family and Visitor Information – For Acute Care
	Contact Precautions – LTC Family and Visitor Information
	Contacts of an Antibiotic Resistant Organism (ARO) Related to an ARO Outbreak – Client, Family and Visitor Information
	Droplet and Contact Precautions – Client, Family and Visitor Information – For Acute Care
	Droplet and Contact Precautions – LTC Family and Visitor Information
	Droplet Precautions – Client, Family and Visitor Information
	ESBL
	Hand Hygiene
	Influenza
	Lice
	MRSA
	Norovirus
	Scabies
	Shingles
	Visitor Information for Immune Compromised Patients
	Visitor Instructions: During an ARO Outbreak
	VRE
	West Nile Virus
