Any PRINTED version of this document is only accurate up to the date of printing. Saskatchewan Health Authority (SHA), Occupational Health & Safety Services (OHS) cannot guarantee the currency or accuracy of any printed policy. Always refer to the Occupational Health & Safety internal website for the most current versions of documents in effect. This policy complies with legislation (minimum standards) at the time of this writing and/or revision. SHA OHS accepts no responsibility for use of this material by any person or organization not associated with SHA. No part of this document may be reproduced in any form for publication without permission of SHA OHS Services.

Purpose

Saskatchewan Health Authority as an employer has the shared responsibility and legal obligation for:

- Protection of workers against any health or safety hazard that may be present in their workplace
- Promotion of the physical and psychological well-being of workers
- Placement of workers in an environment adapted to their physiological and psychological abilities
- Prevention planning through analysis of injury data, trends and research

Principle

Occupational Health and Safety Services will promote and support a respectful, safe and healthy workplace through education and training, communication, consultation and partnerships

The department provides functions and consultation in the following areas:

- Injury and illness prevention and training
- Immunization services
- Health and wellness promotion
- Research and analysis
- Disability Management
- Infection Prevention and Control
