

## ANATOMICAL PATHOLOGY

**Posting Date:** June 6, 2019

**Position profile** – Saskatchewan Health Authority-Saskatoon and the University Saskatchewan, Department of Pathology and Laboratory Medicine, Division of Anatomical Pathology is seeking a full-time Anatomical Pathologist. Fellowship training in molecular, gastrointestinal, head and neck or thoracics would be considered an asset. The Department combines academic, research, and service components, holds an accredited General Pathology residency training program while also providing training at the undergraduate, graduate, and post-doctoral levels. The Division is staffed by 20 pathologists, including a hybrid of generalist and subspecialist pathologists.

**Qualifications/Requirements of the position** – Candidates must hold an MD degree, have completed specialty training in anatomical or general pathology, be eligible for licensing with the College of Physicians and Surgeons of Saskatchewan and hold or be eligible for specialty certification with the Royal College of Physicians and Surgeons of Canada.

**Compensation details** – salary scale is \$316,110 - \$363,526      **Benefits** – Attractive benefits package

**Location of practice** – Saskatoon, Saskatchewan At a population of 265,000+, Saskatoon is the largest city in Saskatchewan, offering non-stop entertainment opportunities including world class events, festivals and attractions, a strong arts and music focus, and a short drive to the northern lake country. Saskatoon has more golf courses and restaurants per capita than anywhere in North America and is noted for its outstanding walking and biking trails along the riverbank. Excellent educational facilities, such as the University of Saskatchewan, draw the best minds from around the world creating a youthful vitality and cultural richness. With more hours of sunshine than any other major Canadian city, Saskatoon shines.

**The Authority** - The Saskatchewan Health Authority is the largest organization in Saskatchewan, employing over 44,000 employees and physicians responsible for the delivery of high quality and timely health care for the entire province.

**The University** - The beautiful University of Saskatchewan campus is located on the shores of the South Saskatchewan River in Saskatoon. The UofS is a research-intensive institution with 22,000 students and 7,000 faculty and staff, and a strong reputation for innovation and excellence. It is home to the newly constructed Academic Health Sciences Complex (<http://library.usask.ca/hsl/new-building.php>) and two of the largest science projects in the country – the Canadian Light Source synchrotron ([www.lightsource.ca](http://www.lightsource.ca)) and the Vaccine and Infectious Disease Organization/International Vaccine Centre ([www.vido.org](http://www.vido.org)). A users group is available for collaborative research with clinical faculty using the \$173.5 million Canadian Light Source synchrotron, owned by the University of Saskatchewan.

**To Apply** – Saskatchewan Health Authority supports a shared commitment to a Representative Workforce that is respectful and inclusive of all staff and clients and welcomes applications from those who will contribute to the diversity of our community. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.

Interested candidates should submit their curriculum vitae in confidence to:

Jennifer Grunert, Physician Recruitment Coordinator, Practitioner Staff Affairs  
Suite 6740 - Royal University Hospital | 103 Hospital Drive | Saskatoon, SK S7N 0W8  
Email: [jennifer.grunert@saskhealthauthority.ca](mailto:jennifer.grunert@saskhealthauthority.ca)

Please note applications will be accepted until the position is filled.
