

Cerebrovascular and Endovascular Neurosurgeon or Interventional Neuroradiologist

Posting Date: October 20, 2021

Position profile – The Department of Surgery, Division of Neurosurgery and Department of Medical Imaging at the University of Saskatchewan and Saskatchewan Health Authority is actively recruiting a full time academic Cerebrovascular and Endovascular Neurosurgeon or an Interventional Neuroradiologist.

The position is based at Royal University Hospital in Saskatoon. There are two senior Cerebrovascular/Endovascular Neurosurgeons providing provincial cerebrovascular care to a population of over 1.2 million people. The successful applicant will be required to work collaboratively with the members of the Saskatoon Stroke Program. The individual will provide excellence in patient care, teaching and research. Clinical or translational research interests are required and supported. The academic rank will be commensurate with expertise and training. The successful candidate will participate in undergraduate and postgraduate education and multidisciplinary neurosciences research programs.

Compensation details – Competitive remuneration

Benefits – Benefits are the responsibility of the successful candidate

Location of practice – Royal University Hospital, Saskatoon, Saskatchewan

Qualifications/Requirements of the position – Candidates in consideration will hold Royal College certification in Neurosurgery or Radiology and be eligible for licensure with the College of Physicians and Surgeons of Saskatchewan.

Proof of COVID-19 vaccination will be required to become a member of Practitioner Staff and provide care in Saskatchewan Health Authority facilities.
