

## CLINICIAN SCIENTIST, DIVISION OF RESPIROLOGY, CRITICAL CARE AND SLEEP MEDICINE

**Posting Date:** January 9, 2018

**Position profile** – The Department of Medicine, College of Medicine and Saskatchewan Health Authority is seeking applications for a Clinician Scientist in the Division of Respiriology, Critical Care and Sleep Medicine. The position is intended to focus primarily on airways research such as COPD and asthma but consideration will be given to applicants interested in sleep disordered breathing as well. The successful applicant will have appointments in both Saskatchewan Health Authority and the University of Saskatchewan and will participate in the educational activities and teaching of the Division with medical students and residents as well as the ability to have protected time dedicated to clinical practice and research.

**Compensation details** – Independent contractor contract

**Benefits** – Responsibility of the physician

**Language of Work** – English

**Location of practice** – Saskatoon

**Qualifications/Requirements of the position** – All applicants must be eligible for a medical license with the College of Physicians and Surgeons of Saskatchewan, must hold a Royal College certification in Respiriology and must have an established track record in peer-reviewed funding in their area of research.

**The Authority** - The Saskatchewan Health Authority is the largest organization in Saskatchewan, employing over 44,000 employees and physicians responsible for the delivery of high quality and timely health care for the entire province. We are driven by the commitment to improve front line patient care for Saskatchewan people, and we are working together to better coordinate health services across the province to ensure that patients receive high quality, timely health care, wherever they live in Saskatchewan.

**The University** - The beautiful University of Saskatchewan campus is located on the shores of the South Saskatchewan River in Saskatoon, a city with a diverse and thriving economic base and a vibrant cultural life. The UofS is a research-intensive institution with 22,000 students and 7,000 faculty and staff, and a strong reputation for innovation and excellence. It is home to the newly constructed Academic Health Sciences Complex (<http://library.usask.ca/hsl/new-building.php>) and two of the largest science projects in the country – the Canadian Light Source synchrotron ([www.lightsource.ca](http://www.lightsource.ca)) and the Vaccine and Infectious Disease Organization/International Vaccine Centre ([www.vido.org](http://www.vido.org)). A users group is available for collaborative research with clinical faculty using the \$173.5 million Canadian Light Source synchrotron, owned by the University of Saskatchewan. The College of Medicine has an intake of 100 students per year with a commensurate number of positions for residency training.

**The City** - Saskatoon Shines - With more hours of sunshine than any other major Canadian city and a population of 265,000+, Saskatoon is the largest city in Saskatchewan, offering non-stop entertainment opportunities including world class events, festivals and attractions, a strong arts and music focus, and a short drive to the northern lake country. Saskatoon has more golf courses and restaurants per capita than anywhere in North America and is noted for its outstanding walking and biking trails along the riverbank. Excellent educational facilities such as the University of Saskatchewan, home of the Canadian Light Source synchrotron, draw the best minds from around the world creating a youthful vitality and cultural richness evident in every neighbourhood.

**To Apply** – Saskatchewan Health Authority supports a shared commitment to a Representative Workforce that is respectful and inclusive of all staff and clients and welcomes applications from those who will contribute to the diversity of our community. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.

Interested candidates should submit their curriculum vitae in confidence to:

**Robert Skomro, MD, FRCPC,**

Professor and Head, Division of Respiriology, Critical Care and Sleep Medicine

Royal University Hospital

103 Hospital Drive

Saskatoon, Sask.

S7N 0W8
