

GENERAL PEDIATRICS LOCUM with the Division of Metabolic Genetics

Posting Date: April 11, 2022

Position profile – Saskatchewan Health Authority – Saskatoon and University of Saskatchewan, Department of Pediatrics, Division of Medical Genetics and Metabolics is seeking applications for a part-time General Pediatric specialist to provide Clinical Associate services for up to a one year locum term. This position may be shared with up to two General Pediatricians.

The Department of Pediatrics is dedicated to providing exemplary health care for children, ensuring excellence in training of future pediatrics health care providers, undertaking meritorious research and advocating for the health and well-being of children and youth.

Working closely with the consultation of Metabolic Geneticists, the General Pediatrician will aid in the care of pediatric inpatients and outpatients with confirmed or suspected inborn errors of metabolism. Responsibilities will include assisting with inpatient consultations, acting as a liaison for admitted Metabolic patients, outpatient management, outpatient consultations and helping to coordinate the care of patients and families. The General Pediatrician will be an integral part of a team which includes Medical Geneticists, Metabolic Physicians, Family Physician, nurse clinical coordinators, genetic counsellors, dieticians, and administrative assistants.

Compensation details – competitive contract

Benefits – benefits are the responsibility of the successful candidate

Location of practice – Saskatoon, Saskatchewan

Qualifications/Requirements of the position – Completion of a four year residency in Pediatrics, with certification or eligibility for certification in Pediatrics with the Royal College of Physicians and Surgeons of Canada, and be eligible for licensure with the College of Physicians and Surgeons of Saskatchewan. Preference will be given to physicians who have prior experience working in the Medical Genetics and/or Metabolics services; however, interested candidates without specific experience in this area are also encouraged to apply.
