Pediatric Infectious Diseases  
(Part-time/Locum)

Posting Date: April 22, 2021

Position profile – Saskatchewan Health Authority (SHA) - Saskatoon, is seeking applications for a part time (0.50FTE) or a locum Pediatric Infectious Diseases specialist. The successful candidate will provide inpatient and outpatient pediatric infectious diseases services at the Jim Pattison Children’s Hospital. The successful candidate will have an opportunity to develop niche areas of practice based on interest. Undergraduate, postgraduate, bedside, small group, and formal didactic teaching are also components of the position. The successful candidate will have academic affiliation with the University of Saskatchewan, as well as Practitioner Staff appointments with the SHA. The offer will reflect an appropriate academic ranking based on the candidate’s prior experience. The candidate will join a division currently consisting of three other Pediatric Infectious Diseases specialists in the Department. In addition, the candidate will work with a dedicated team of General Pediatricians as well as other pediatric subspecialists in Cardiology, Development Pediatrics, Endocrinology, Gastroenterology, Hematology, Medical Genetics, Metabolics, NICU, PICU, Nephrology, Neurology, Respiratory, Rheumatology, Emergency Medicine, Palliative Care and Oncology.

Compensation details – Competitive remuneration

Benefits – Benefits are the responsibility of the successful candidate

Location of practice – Saskatoon, Saskatchewan

Qualifications/Requirements of the position – Candidates in consideration will hold Royal College certification in Pediatric Infectious Diseases or be eligible for certification (see https://www.royalcollege.ca/ELIGIBILITY) and be eligible for licensure with the College of Physicians and Surgeons of Saskatchewan (see https://www.cps.sk.ca/LICENSURE)
