

## Pediatric Radiologist

**Posting Date:** June 21, 2019

**Position profile** – Saskatchewan Health Authority – Saskatoon and University Saskatchewan, Department of Medical Imaging, Division of Radiology seek a Pediatric Radiologist who will also participate in general radiology. The Pediatric Radiologist will work collaboratively with the diagnostic team in the diagnosis of illnesses, injuries and diseases for the children of Saskatchewan.

Saskatchewan is home to the newly built Jim Pattison Children's Hospital opening in Fall 2019. The hospital will offer state-of-the-art equipment and facilities for children, mothers and families from across our province. Centrally located on the University of Saskatchewan campus, our new children's hospital will offer neonatal intensive care, pediatric intensive care, general pediatrics, pediatric emergency and ambulatory services. Maternal services will include labour and delivery, antepartum and postpartum care. The 176-bed facility will provide the highest quality of care and put Saskatchewan at the forefront of research and innovation.

The successful candidate will perform diagnostic imaging within the Jim Pattison Children's Hospital, the Royal University Hospital and associated clinics.

The successful candidate will have appointments in both Saskatchewan Health Authority and the University of Saskatchewan.

**Compensation details** – Fee for service within the UMIC partnership group.

**Benefits** – This is an independent contractor position therefore benefits are the responsibility of the successful candidate.

**Location of practice** – Saskatoon, Saskatchewan

**Qualifications/Requirements of the position** – The candidate must have or be eligible to obtain FRCPC with a fellowship in Pediatric Radiology. Must be eligible for licensure with the College of Physician and Surgeons of Saskatchewan.

Preference will be given to candidates with Canadian Royal College Certification.
