

## RHEUMATOLOGIST

### Department of Medicine, Saskatchewan Health Authority

**Posting Date:** January 9, 2018

**Position profile** – Saskatchewan Health Authority is seeking applicants for two General Adult Rheumatologist positions. The successful applicants will join a committed group of rheumatology specialists who share on-call and consultation duties. Responsibilities also include participation in undergraduate, postgraduate and continuing medical education teaching, and participation in collaborative research.

**Compensation details** – fee for service

**Benefits** – attractive benefit plans

**Language of Work** – English

**Location of practice** – Saskatoon

**Qualifications/Requirements of the position** – Ideal candidates will have a Ph.D. in genetics or a related field; CCMG certified/eligible in Clinical Cytogenetics and Molecular Genetics. Salary levels are competitive and will be commensurate with qualifications and experience.

**The Authority** - The Saskatchewan Health Authority is the largest organization in Saskatchewan, employing over 44,000 employees and physicians responsible for the delivery of high quality and timely health care for the entire province. We are driven by the commitment to improve front line patient care for Saskatchewan people, and we are working together to better coordinate health services across the province to ensure that patients receive high quality, timely health care, wherever they live in Saskatchewan.

**The City** - Saskatoon Shines - With more hours of sunshine than any other major Canadian city and a population of 265,000+, Saskatoon is the largest city in Saskatchewan, offering non-stop entertainment opportunities including world class events, festivals and attractions, a strong arts and music focus, and a short drive to the northern lake country. Saskatoon has more golf courses and restaurants per capita than anywhere in North America and is noted for its outstanding walking and biking trails along the riverbank. Excellent educational facilities such as the University of Saskatchewan, home of the Canadian Light Source synchrotron, draw the best minds from around the world creating a youthful vitality and cultural richness evident in every neighbourhood.

**To Apply** – Saskatchewan Health Authority supports a shared commitment to a Representative Workforce that is respectful and inclusive of all staff and clients and welcomes applications from those who will contribute to the diversity of our community. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.

Interested candidates should submit their curriculum vitae in confidence to:
