Job Description:	Family Practice and ER Coverage

Job Description:

The Humboldt Clinic staff and physician team members welcome Family Physicians to apply for a full-time opportunity to provide patient centered care to the residents of Humboldt and surrounding communities. Emergency Room and inpatient on-call coverage at the Humboldt District Health Complex is shared equally amongst the physician team. The current on-call rotation is 1:11. The call rota changes based on the number of physicians providing service delivery, with a goal of an on-call rotation at 1:12. Obstetrical service delivery is an option for physicians that are interested in having obstetrics as a component of their practice.

Job Qualifications:

Candidates in consideration will hold certification or be eligible for certification with the College of Family Physicians of Canada (CFPC). Candidates who hold a Certificate of Added Competence with CFPC are welcome to apply. Eligibility for a provisional or regular license with the College of Physicians and Surgeons of Saskatchewan is required.

Additional Information:

- The clinic works in conjunction with the Humboldt District Hospital Complex (facility opened in 2011) that has 36 beds including 2 delivery suites, a Coronary Care Unit with 2 observation beds and 2 operating theatres. Additional services include a fully functioning lab and x-ray department, a full time ultrasound technician and an ECG technician.
- Fee for Service: 70/30 split. Opportunity to buy in after one year.
- Potential Earnings: \$350,000.00 to \$450,000.00 annually.
