

# November is Fall Prevention Month

## We all have a role to play in preventing falls

**How will you “Step Up” to prevent falls and injuries in your department/unit.**

This “Step Up” template can be used by anyone to promote what you will do to prevent falls. It is a pledge of your commitment to prevent falls for yourself, your clients, patients, residents, family and friends. We all have a role to play what is your role?

Please post in a designated area to raise awareness and share ideas.

The Saskatchewan Health Authority recognizes falls are serious safety concern and is a partner in the national fall prevention campaign.
