

Kindergarten Health Information

It is an exciting time in your child's life to be starting school. Population and Public Health works with schools to provide them with information to make this an enjoyable experience. Following is a list of resources that can be accessed on the Saskatoon Health Region website. Go to www.saskatoonhealthregion.ca and search *Healthy Families Child Health Clinics*.

This information is available to view online or download in PDF format.

General

- *Population and Public Health Program Directory*

Oral Health

- *Help Your Child Be Cavity Free*

Street Health

- *Needle Safety - It's Everyone's Concern!*

Tobacco Reduction

- *Second Hand Smoke & Children*

Remember that your child requires an immunization booster before starting school. Contact your nearest Population and Public Health office to book an appointment.
