# PRIORITIES guiding LWD

**What we are trying to do and why . . .**

<table>
<thead>
<tr>
<th>SHR VISION</th>
<th>is Healthiest People, Healthiest Communities. Exceptional Service.</th>
</tr>
</thead>
<tbody>
<tr>
<td>SHR MISSION</td>
<td>is to improve health through excellence and innovation in service, education and research, building on the strengths of our people and partnerships.</td>
</tr>
<tr>
<td>SHR VALUES</td>
<td>are Respect, Compassion, Excellence, Stewardship and Collaboration.</td>
</tr>
</tbody>
</table>

**SHR FOUR STRATEGIC DIRECTIONS** focused on ‘patients first’ through:

- **BETTER HEALTH** that improves population health through health promotion, protection and disease prevention and collaborating with communities and different government organizations to close the health disparity gap.
- **BETTER CARE** that partners with patients and families, improves the individual’s experience, achieves timely access and continuously improves health care safety.
- **BETTER TEAMS** that builds safe, supportive quality workplaces that support patient and family-centered care and collaborative practices and a diverse workforce that has a sufficient number and mix of service providers.
- **BETTER VALUE** that achieves best value for money, improves transparency and accountability, and strategically invests in facilities, equipment and information infrastructure.

### UNDERLYING FRAMEWORK:

- Expanded Chronic Care Model, Chronic Disease Management Model, Accreditation,
- Canadian Diabetes Association Diabetes Education Section Standards Recognition Program

Implemented through:

- Diabetes in Pregnancy Clinic
- Provincial Pediatric Program
- Adult Multi-disciplinary Clinics
- Individual and Group Consultations

### THREE PILLARS OF CHRONIC DISEASE MANAGEMENT

- Education & Exercise
- Disease-Specific Management
- Self-Management Support

### CHRONIC DISEASE MANAGEMENT PROGRAM GOALS

1. To develop and implement coordinated, effective and efficient care for people with chronic conditions.
2. To optimize care of people by promoting a team approach and enhanced self-management of disease.
3. To promote inter-professional collaboration and education.

In tandem with SASKATCHEWAN HEALTHCARE MANAGEMENT SYSTEM to align continuous improvement actions to provide best patient care using the least amount of resources…no waste (doing more with less), no waiting (patient-centered) and zero harm (safety).
