

Our goals

- To provide an integrated and culturally respectful approach to First Nations and Métis people coming into the Saskatoon Health Region for treatment and other services.
- To better serve First Nations and Métis people in the care of Saskatoon Health Region.
- To better meet the complex care needs of the patient in a safe, caring and respectful manner.

Our history

- The First Nations and Métis Health Strategy was developed in partnership with Saskatoon Health Region, Central Urban Metis Federation Inc. and the Kinistin Saulteaux Nation.
- Their final report, "Strengthening the Circle - Partnering to Improve Health for Aboriginal People" can be found online. Search for "Strengthening the Circle" at www.saskatoonhealthregion.ca.

We gratefully acknowledge the RUH Foundation for generously funding the First Nations and Métis Health Service.

Healthiest people ~ Healthiest communities ~ Exceptional service

First Nations and Metis Health Service provides support to the patients and their families from intake to discharge by working in collaboration with different health departments.

Key Services

Client Representative - Aboriginal Liaison

The Client Representative Services program is there to help you if you have questions or concerns about the care or service you or a family member received:

- Speak first with the staff and physicians involved in your care. If you still have unanswered questions; speak with the unit manager.

If you require further assistance; speak with the Aboriginal Client Representative at 306-655-0162.
