

SAMARITAN PLACE

375 CORNISH ROAD, SASKATOON, SK S7T 0P3

OUR MISSION:

We are a Catholic health care home which is your home where care is compassionate, resident directed, safe and respectful. We advance the healing and caring ministry of Jesus Christ by responding to needs of the spirit, mind, body and culture of those who enter our home.

OUR VISION:

A home where everyone who enters can experience harmony in relationships and joys in everyday life.

OUR VALUES: AND PRINCIPLES:

Our actions are guided by our belief in:

- Human Dignity
- Compassion
- Holistic Care
- Spirituality
- Collaboration
- Integrity

PHILOSOPHY:

The Household Model Samaritan Place is testing a new health care model which will meet the pressing unmet need for additional resident-responsive accommodation and service to be provided quickly. The model removes the financial burden, especially from community groups and operators, to fund raise large amounts of money for construction and renovation for accommodation which supports residents' needs. The Samaritan Place pilot project offers a model with the potential to address an existing shortage of resident-responsive accommodation by providing new homes in a shorter time frame while protecting groups building new homes against escalating construction costs.

WEBSITE:

<http://www.samaritanplace.ca>

Samaritan Place is home to **100 Residents**. 100 suites, with 20 of these as apartment style suites designed for residents to share with another resident. Owned by the Catholic Health Ministries.

One size doesn't fit all at Samaritan Place and the uniqueness and character of Samaritan Place will reflect the 100 individuals who will call this their home. Individuals choose to live at Samaritan Place not only because of their physical care needs but because of our commitment to the mind, body and spirit. People who live and work at Samaritan Place work hand in hand to create fulfilling and meaningful life. Samaritan Place has 20 suites where couples can stay together when the leave of health care they require is different. Couples can live in a private apartment, within Samaritan Place and may choose from many services including three daily meals, weekly housekeeping, laundry and others. Each of our Households has its own kitchen and dining area; its own living room with fireplace; its own activity spaces, and lounges for visiting with family and friends. The décor of each Household is also distinct from that of all the others. Most importantly, each of our Households has its own staff. The same caregivers every day. This makes daily life feel much as it would in a private home with family caregivers.
