

SUNNYSIDE ADVENTIST CARE CENTRE

2200 ST. HENRY AVENUE, SASKATOON, SK S7M 0P5

OUR VALUES:

- People
- Safety
- Integrity
- Innovation
- Wholeness

God heals - we help.

PHILOSOPHY OF CARE:

Our philosophy of care at Sunnyside Adventist Care Centre is based on the example of Christ who went about healing and doing good. It is our purpose to continue that work. Methods may change but the underlying philosophy of doing good remains.

We regard our residents as children of God with all the inherent dignity that is suggested by that appellation.

Our administration, staff and volunteers are committed to a holistic approach to care ensuring that the physical, emotional, social and spiritual needs of our residents are foremost in the day to day routines.

We work closely with the physicians and other health care providers in the community to insure that our residents receive consistent and competent medical care.

In order to incorporate our philosophy into our day to day operation we provide our staff with continuing educational programs and workshops. We constantly evaluate our methods of care to insure a consistent application of our philosophy throughout the departments of our facility.
