INDEPENDENT AUDITORS' REPORT

To the Authority Members

We have audited the accompanying consolidated financial statements of Saskatoon Regional Health Authority, which comprise the consolidated statement of financial position as at March 31, 2017, consolidated statements of operations, consolidated statement of remeasurement gains and losses, consolidated statement of changes in fund balances and consolidated statement of cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of consolidated financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

KPMG LLP is a Canadian limited liability partnership and a member firm of the KPMG network of independent member firms affiliated with KPMG International Cooperative ("KPMG International"), a Swiss entity. KPMG Canada provides services to KPMG LLP.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of Saskatoon Regional Health Authority as at March 31, 2017, its consolidated results of operations, its consolidated remeasurement gains and losses, its consolidated changes in fund balances and its consolidated cash flows for the year then ended, in accordance with Canadian public sector accounting standards.

SASKATOON REGIONAL HEALTH AUTHORITY

Notes to Consolidated Financial Statements
(in thousands of dollars)

Year ended March 31, 2017

1. Legislative authority

The Saskatoon Regional Health Authority (SRHA) operates under *The Regional Health Services Act (The Act)* and is responsible for the planning, organization, delivery and evaluation of health services it is to provide within the geographic area known as the Saskatoon Health Region, under section 27 of *The Act*. The SRHA is a not-for-profit organization and is not subject to income and property taxes from the federal, provincial and municipal levels of government. The SRHA is a registered charity under the *Income Tax Act* of Canada.

2. Significant accounting policies

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting (PSA) standards, issued by the Public Sector Accounting Board and published by CPA Canada. SRHA has adopted the standards for government not-for-profit organizations, set forth at PSA Handbook sections PS 4200 to PS 4270.

(a) Health care organizations

- i) SRHA has entered into a joint service management partnership with one of its affiliates, St. Paul's Hospital (Grey Nuns) of Saskatoon ("St. Paul's"). St. Paul's is incorporated and is a registered charity under the *Income Tax Act* of Canada. By agreement, SRHA and St. Paul's were each given responsibility for the management of designated service lines and support services. As a result of this relationship, the financial statements of St. Paul's have been consolidated with the financial statements of SRHA. Transactions and inter-organization balances between SRHA and St. Paul's are eliminated. The agreement with St. Paul's expires June 30, 2025.
- ii) In addition to St. Paul's, SRHA has entered into affiliation agreements with the following health care organizations (HCOs):

Bethany Pioneer Village Inc.
Circle Drive Special Care Home Inc.
Duck Lake and District Nursing Home Inc.
Jubilee Residences Inc. (Stensrud Lodge)
Jubilee Residences Inc. (Porteous Lodge)
Lakeview Pioneer Lodge Inc.
Luther Care Communities (Lutheran
Sunset Home)
Mennonite Nursing Home Inc.
Oliver Lodge
Saskatoon Convalescent Home

Sherbrooke Community Society Inc.

(a) Health care organizations - continued

SRHA provides annual grant funding to these organizations for the delivery of health care services. Consequently, the SRHA has disclosed certain financial information regarding these affiliates.

These affiliates are not consolidated into the SRHA financial statements. Note 10 b) i) provides supplementary information on the financial position, results of operations, and cash flows of the affiliates.

The affiliates are incorporated under the *Non-Profit Corporations Act* and are registered charities under the *Income Tax Act* of Canada.

iii) The SRHA has agreements with and grants funding to the following prescribed HCOs and third parties to provide health services:

AIDS Saskatoon Inc.
Autism Treatment Services of Saskatchewan Inc.
Canadian Mental Health Association
Central Urban Métis Federation (1993) Inc.
Cosmopolitan Industries Ltd.
Community Health Services (Saskatoon) Association Ltd.

iv) Foundations

The following Foundations raise funds for programs, equipment and facilities for the SRHA:

| | |
|---|---|
| Children's Hospital Foundation of Saskatchewan Inc. | Royal University Hospital Foundation Inc. |
| Humboldt District Hospital Foundation Inc. | Saskatoon City Hospital Foundation Inc. |
| Last Mountain Pioneer Home Inc. | St. Paul's Hospital Foundation Inc. |
| Rosthern Hospital Foundation Inc. | Watrous Community Health Foundation Inc. |

The Foundations are incorporated under *The Non-Profit Corporations Act* and are registered charities under the *Income Tax Act* of Canada.

These consolidated financial statements do not include the financial activities of the Foundations. Note 10 b) ii) describes the financial position and results of operations and cash flows of these Foundations.

(b) Fund accounting

The accounts of SRHA are maintained in accordance with the restricted fund method of accounting for revenues. For financial reporting purposes, accounts with similar characteristics have been combined into the following major funds:

i) Operating fund

The operating fund reflects the primary operations of SRHA including revenues received for provision of health services from Saskatchewan Health - General Revenue Fund, and billings to patients, clients, the federal government and other agencies for patient and client services. Other revenue consists of donations, recoveries, and ancillary revenue. Expenses are for the delivery of health services.

ii) Restricted fund

The restricted fund includes the capital fund, which reflects the equity of SRHA in capital assets after taking into consideration any associated long-term debt. The capital fund includes revenues from Saskatchewan Health - General Revenue Fund provided for construction of capital projects and/or the acquisition of capital assets. The capital fund also includes donations designated for capital purposes by the contributor. Expenses consist primarily of amortization of capital assets.

2. Significant accounting policies - continued

(b) Fund accounting – continued

Restricted fund also includes the community trust funds that reflect community-generated assets transferred to SRHA in accordance with the pre-amalgamation agreements signed with the amalgamating health corporations. The assets include cash and investments initially accumulated by the health corporations in SRHA from donations or municipal tax levies. These assets are accounted for separately and use of the assets is subject to restrictions set out in pre-amalgamation agreements between SRHA and the health corporations.

(c) Revenue

Unrestricted revenues are recognized as revenue in the operating fund in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Restricted revenues related to general operations are recorded as deferred revenue and recognized as revenue of the operating fund in the year in which the related expenses are incurred. All other restricted revenues are recognized as revenue of the appropriate restricted fund in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

(d) Cash and cash equivalents

Cash and cash equivalents consist of balances with financial institutions which have an initial term to maturity of 90 days or less.

(e) Capital assets

Capital assets are recorded at cost. Normal maintenance and repairs are expensed as incurred. Capital assets, with a life exceeding one year, are amortized on a straight-line basis over their estimated useful lives as follows:

| Asset | Rate |
|-------------------------------------|------------|
| Buildings and building improvements | 2.5% to 5% |
| Land improvements | 5% to 10% |
| Equipment | 10% to 33% |

Donated capital assets are recorded at their fair value at the date of contribution if fair value can be reasonably determined.

2. Significant accounting policies - continued

(f) Asset retirement obligations

Asset retirement obligations are legal obligations associated with the retirement of tangible long-lived assets. Asset retirement obligations are recorded when they are incurred if a reasonable estimate of fair value can be determined. Accretion (interest) expense is the increase in the obligation due to the passage of time. The associated retirement costs are capitalized as part of the carrying amount of the assets and amortized over the asset's remaining useful life.

(g) Inventory

Inventory consists of medical and surgical supplies, drugs, laboratory supplies, linens and other general supplies. All inventories are valued at the lower of cost, as determined on the weighted average basis, or net realizable value.

(h) Employee future benefits

i) Pension plan

Employees of SRHA participate in several multi-employer defined benefit pension plans or a defined contribution plan. SRHA follows defined contribution plan accounting for its participation in the plans. Accordingly, SRHA expenses all contributions it is required to make in the year.

ii) Disability income plan

Employees of the SRHA participate in several disability income plans to provide wage-loss insurance due to a disability. The SRHA follows post-employment benefits accounting for its participation in the plans. Accordingly, the SRHA expenses all contributions it is required to make in the year.

iii) Accumulated sick leave benefit liability

SRHA provides sick leave benefits for employees that accumulate but do not vest. SRHA recognizes a liability and an expense for sick leave in the period in which employees render services in return for the benefits. The liability and expense is developed using an actuarial cost method. Actuarial gains and losses are amortized on a straight-line basis over the expected average remaining service life of the related employee groups.

2. Significant accounting policies - continued

(i) Financial instruments

SRHA has classified its financial instruments into one of the following categories: i) fair value, or ii) cost or amortized cost.

All financial instruments are measured at fair value upon initial recognition. The fair value of a financial instrument is the amount at which the financial instrument could be exchanged in an arm's length transaction between knowledgeable and willing parties under no compulsion to act.

Freestanding derivative instruments that are not in a qualifying hedging relationship are subsequently measured at fair value.

Changes in fair value of financial instruments in the fair value category are recognized in the Consolidated Statement of Remeasurement Gains (Losses) until the financial instrument is derecognized.

The following financial instruments are subsequently measured at cost or amortized cost:

- Accounts receivable
- Short-term and long-term investments
- Accounts payable and accrued liabilities, accrued salaries and vacation payable
- Long-term debt

The related debt premiums or discounts and transaction costs are included in the carrying value of financial instruments recorded at cost or amortized cost and are amortized into interest expense using the effective interest rate method.

All financial assets at cost or amortized cost are assessed for impairment on an annual basis. When a decline is determined to be other than temporary, the amount of the loss is reported in the statement of operations.

(j) Leases

Leases that transfer substantially all of the benefits and risks of ownership related to the leased property from the lessor to the SRHA are accounted for as capital leases. Other leases are accounted for as operating leases.

(k) Replacement reserves

The SRHA is required to maintain certain replacement reserves as a condition of receiving subsidy assistance from Canadian Mortgage and Housing Corporation (CMHC). Schedule 4 shows the changes in these reserve balances during the year.

2. Significant accounting policies - continued

(l) Measurement uncertainty

These consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards. In the preparation of the consolidated financial statements, management makes various estimates and assumptions in determining the reported amounts of assets and liabilities, revenues and expenses and in the disclosure of contractual obligations and contingencies. Changes in estimates and assumptions will occur based on the passage of time and the occurrence of certain future events. The changes will be reported in earnings in the period in which they become known.

Significant items subject to such estimates and assumptions include the estimated accumulated sick leave liability and estimates of the useful lives of capital assets.

(m) New accounting standards not yet in effect

A number of new Canadian public sector accounting standards and amendments to standards are not yet effective for governments and have not been applied in preparing these financial statements. The following standards will become effective as follows:

- i. PS 2200 Related Party Disclosures (effective April 1, 2017), a new standard defining related parties and establishing guidance on disclosure requirements for related party transactions.
- ii. PS 3210 Assets (effective April 1, 2017), a new standard providing guidance for applying the definition of assets and establishing disclosure requirements for assets.
- iii. PS 3320 Contingent Assets (effective April 1, 2017), a new standard defining and establishing guidance on disclosure requirements for contingent assets.
- iv. PS 3380 Contractual Rights (effective April 1, 2017), a new standard defining and establishing guidance on disclosure requirements for contractual rights.
- v. PS 3420 Inter-Entity Transactions (effective April 1, 2017), a new standard establishing guidance on accounting for and reporting on transactions between organizations in the government reporting entity.
- vi. PS 3430 Restructuring Transactions (effective April 1, 2018), a new standard defining a restructuring transaction and establishing guidance on recognition and measurement of assets and liabilities transferred in a restructuring transaction.

The SRHA plans to adopt these new and amended standards on the effective date and is currently analyzing the impact this will have on these consolidated financial statements.

4. Contractual obligations

(a) Capital asset acquisitions

At March 31, 2017, commitments for the acquisition of capital assets were \$177.9 million (2016 - \$259.9 million). The Ministry of Health and the hospital foundations have either provided or committed to provide adequate funding to cover these commitments.

(b) Operating leases

Minimum annual payments under operating leases on property and equipment over the next five years are as follows:

| | | |
|------|----|--------|
| 2018 | \$ | 5,643 |
| 2019 | | 5,594 |
| 2020 | | 4,986 |

(c) Capital leases

| | | | 2017 | | 2016 | |
|----------------------------------|----------|-----------------------------|-------------------|----|-------------------|--|
| | Cost | Accumulated amortization | Net book value | | Net book value | |
| Equipment under capital lease | \$ 5,433 | \$ 2,199 | \$ 3,234 | \$ | \$ 3,173 | |
| | \$ 5,433 | \$ 2,199 | \$ 3,234 | \$ | \$ 3,173 | |

The equipment is amortized on a straight-line basis over the economic life beginning in the year of acquisition.

Minimum annual payments under capital leases on equipment over the full lease term are as follows:

| | | |
|-------------------------------------|----|----------------|
| 2018 | | |
| 2019 | \$ | 1,288 |
| 2020 | | 849 |
| 2021 | | 470 |
| 2022 | | 297 |

| Total minimum lease payments | | 2,976 |
| Amount representing interest | | (120) |
| Balance of the obligation | | 2,856 |
| Less current portion | | (1,225) |
| Long-term portion | \$ | 1,631 |

Equipment under capital leases consists of leases with interest rates of 2.04% to 3.50%.

(d) Asset retirement obligations

SRHA may be subject to asset retirement obligations on its facilities for which the fair value cannot be reasonably estimated due to the indeterminate timing and scope of removal. The asset retirement obligation for these assets will be recorded in the period in which there is sufficient information to estimate fair value.

4. Contractual obligations - continued

(e) Contracted health care organizations

As disclosed in note 10, SRHA contracts with private health service operators to provide health services. Certain of these contracts have provisions for continuation of services and/or purchase of facilities in the event of termination. Services provided in the year ending March 31, 2017 will continue to be contracted for the following fiscal year. Note 10 (b) provides supplementary information on HCOs.

5. Contingencies

SRHA, along with others, is a defendant to several claims which have been brought against it over the years as a result of its medical operations. SRHA believes these claims are without merit or are covered by insurance. Settlements, if any, in excess of insurance coverage, would be accounted for as a charge against operations in the period in which settlements arise.

6. Long-term debt

| Title of issue | Stated Interest Rate | Monthly Repayment Terms (not in thousands) | 2017 | 2016 |
|---|----------------------|---|-----------|-----------|
| Children's Hospital of Saskatchewan (CHS) Early Works Project, Saskatoon - RBC bankers' acceptances | 2.96% | Bankers' acceptances subject to interest rate swap (see below) maturing July 10, 2035. | \$ 25,966 | \$ 27,017 |
| Energy Performance Contract (EPC) Saskatoon - RBC bankers' acceptances (note 15) | 2.17% | Bankers' acceptances subject to interest rate swap (see below) maturing May 23, 2031. | 12,783 | 13,400 |
| 1984 RUH Parkade Structure Saskatoon - RBC bankers' acceptances | 1.18% | Bankers' acceptances renewable monthly at a variable interest rate. | 7,600 | 1,700 |
| Pleasant View Care Home, Wadena - CMHC mortgage | 1.12% | \$12,037 principal and interest of which \$20,000 is subsidized by CMHC for an effective interest rate of nil. Mortgage renewal date February 1, 2020, due date November 1, 2024. Guaranteed by building NBV \$1,159. | 1,061 | 1,193 |
| Puffer Special Care Home Corporation, Nokomis - CMHC mortgage | 1.12% | \$3,236 principal and interest. Mortgage renewal date February 1, 2020, due date November 1, 2021. Guaranteed by building NBV \$450. | 176 | 213 |
| Capital leases | 2.04% to 3.50% | \$2,976,032 principal and interest (note 4(c)). | 2,856 | 2,963 |
| | | | 50,442 | 46,486 |
| Less current portion | | | 10,836 | 17,334 |
| | | | \$ 39,606 | \$ 29,152 |

SRHA has reduced its exposure to interest rate fluctuations by entering into an interest rate swap on the full amount of its revolving credit facility for the CHS Early Works Project and the Energy Performance Contract. The interest rate swap effectively fixes the interest rate on the CHS Early Works Project debt at 2.96% until July 10, 2020 and on the Energy Performance Contract debt at 2.17% until May 23, 2021.

6. Long-term debt (continued)

The fair value of the interest rate swaps are recorded on the statement of financial position with changes in fair value reflected in the Consolidated Statement of Remeasurement Gains (Losses). At March 31, 2017 the market value gain on the interest rate swap was \$1.10 million (2016 - loss of \$2.64 million).

As at March 31, 2017, SRHA had revolving credit facilities outstanding with the Royal Bank of Canada for \$62.71 million (2016 - \$70.2 million). The facilities may be drawn by way of overdrafts of \$3.4 million (2016 - \$3.4 million), bankers' acceptances of \$54.31 million (2016 - \$61.8 million) and leases of \$5 million (2016 - \$5 million). The credit facilities may be used for general operating purposes, renovations and expansion of the Royal University Hospital parkade and related infrastructure and energy retrofit program and the acquisition of capital assets. Balances outstanding and repayment terms under each facility are disclosed above.

For each of the Canada Mortgage and Housing Corporation (CMHC) mortgages, the SRHA has pledged the related buildings as security. The Royal Bank loans are secured by general securities agreements. Saskatchewan Housing Corporation (SHC) may provide a mortgage subsidy for supportive care homes financed by CMHC. The subsidy may change when the mortgage renewal occurs.

Principal repayments and capital lease payments required in each of the next five years and thereafter are estimated as follows:

| | | |
|---------------------|----|--------|
| 2018 | \$ | 10,836 |
| 2019 | | 2,880 |
| 2020 | | 2,574 |

10. Related parties

These consolidated financial statements include transactions with related parties. SRHA is related to all Saskatchewan Crown Agencies such as ministries, corporations, boards and commissions under the common control of the Government of Saskatchewan. SRHA is also related to non-Crown enterprises that the Government jointly controls or significantly influences. In addition, SRHA is related to other non-Government organizations by virtue of its economic interest in these organizations.

(a) Related party transactions

Transactions with these related parties are in the normal course of operations. Amounts due to or from and the recorded amounts of the transactions resulting from these transactions are included in the consolidated financial statements and the table below. They are recorded at the standard rates charged by those organizations and are settled on normal trade terms.

11. Employee future benefits

a) Pension plan

Employees of SRHA participate in one of two pension plans.

- Saskatchewan Healthcare Employees' Pension Plan (SHEPP) - This is jointly governed by a board of eight trustees. Four of the trustees are appointed by Health Shared Services Saskatchewan (3sHealth) (a related party) and four of the trustees are appointed by Saskatchewan's health care unions (CUPE, SUN, SEIU, SGEU, RWDSU, and HSAS). SHEPP is a multiemployer defined benefit plan, which came into effect December 31, 2002. (Prior to December 31, 2002, this plan was formerly the SAHO Retirement Plan and governed by the Saskatchewan Association of Healthcare Organizations (SAHO) Board of Directors).
- Public Employees' Pension Plan (PEPP) (a related party) - This is a defined contribution plan and is the responsibility of the Government of Saskatchewan.

SRHA's financial obligation to these plans is limited to making the required payments to these plans according to their applicable agreements. Pension expense is included in Compensation - benefits in schedule 1 and is equal to SRHA's contributions amount below.

| | SHEPP ⁽¹⁾ | PEPP | Total 2017 | Total 2016 |
|--|----------------------|-------------|---------------|---------------|

11. Employee future benefits – continued

Pension plan contribution rates have increased as a result of deficiencies in the plan. Any actuarially determined deficiency is the responsibility of participating employers and employees in the ratio of 1.12 to 1.0. The expected date of the next actuarial valuation is December 31, 2018. Contribution rates will continue to increase until the next actuarial reports are completed.

b) Disability income plans

Employees of the SRHA participate in one of the following disability income plans, administered by 3sHealth:

- General established in 1975
- SEIU established in 1975 – affiliated with the Service Employees International Union
- SUN established in 1982 – affiliated with the Saskatchewan Union of Nurses

The SRHA's financial obligation to these plans is limited to making the required payments to these plans according to their applicable agreements. Disability expense is included in Compensation - benefits in schedule 1 and is equal to the SRHA contribution amounts below.

c) Accumulated sick leave benefit liability

The SRHA provides certain compensated sick leave benefits to its employees. These benefits generally accumulate with employee service but do not vest. The liability represents the present value of the amount attributed to the expected future utilization of the accumulated sick leave benefits. The liability relates only to the sick days used in a future year that are over and above sick days earned in a future year.

11. Employee future benefits – continued

The cost of the accrued benefit obligations related to sick leave entitlement earned by employees is actuarially determined using the projected benefit method prorated on service and management's best estimate of inflation, discount rate, employee demographics and sick leave usage of active employees. The SRHA has completed an actuarial valuation as of March 31, 2016 and an extrapolation was completed to March 31, 2017. Key assumptions used as inputs into the actuarial calculation are as follows:

| | 2017 | 2016 |
|---|------------|------------|
| Discount rate | 2.50% | 2.40% |
| Earnings escalation rate | 1.00% | 1.00% |
| Expected average remaining service life | 13.5 years | 13.5 years |

Earnings increase for seniority, merit and promotion is as follows:

| Employee groups | Rate |
|----------------------|-------|
| For ages 15 to 29 | 2.00% |
| For ages 30 to 39 | 1.50% |
| For ages 40 to 49 | 1.00% |

14. Financial instruments

a) Significant terms and conditions

There are no significant terms and conditions related to financial instruments classified as current assets or current liabilities that may affect the amount, timing and certainty of future cash flows. Significant terms and conditions for the other financial instruments are disclosed separately in these consolidated financial statements.

14. Financial instruments – continued

b) Financial risk management

SRHA has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Chairperson ensures that the SRHA has identified its major risks and ensures that management monitors and controls them. The Chairperson oversees the SRHA's systems and practices of internal control, and ensures that these controls contribute to the assessment and mitigation of risk.

c) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. SRHA is exposed to credit risk from the potential non-payment of accounts receivable. The majority of SRHA's receivables are from Ministry of Health - General Revenue Fund, Saskatchewan Workers' Compensation Board, health insurance companies or other provinces. Therefore, the credit risk on accounts receivable is minimal.

SRHA is also exposed to credit risk from cash and cash equivalents and investments. The SRHA manages its credit risk surrounding cash and cash equivalents and investments by dealing solely with reputable banks and financial institutions and utilizing an investment policy to guide investment decisions. This risk is minimized by investing in bonds guaranteed by federal and provincial governments or corporate bonds considered to be of high grade investment quality. The SRHA invests surplus funds to earn investment income with the objective of maintaining safety of principal and providing adequate liquidity to meet cash flow requirements.

The maximum exposure to credit risk based on the carrying amounts of SRHA's financial assets at March 31, 2017 is as follows:

| | 2017 | 2016 |
|---|-----------|------------|
| Cash and cash equivalents | \$ 55,569 | \$ 51,027 |
| Short-term investments | 21,514 | 66,473 |

d) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates or interest rates will affect the SRHA's income or the value of its holdings of financial instruments. The objective of market risk management is to control market risk exposures within acceptable parameters while optimizing return on investment.

(i) Foreign exchange risk

SRHA operates within Canada, but in the normal course of operations is party to transactions denominated in foreign currencies. Foreign exchange risk arises from transactions denominated in a currency other than the Canadian dollar, which is the functional currency of SRHA. SRHA believes that it is not subject to significant foreign exchange risk from its financial instruments.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows or a financial instrument will fluctuate because of changes in the market interest rates.

Financial assets and financial liabilities with variable interest rates expose the SRHA to cash flow interest rate risk. SRHA's investments include guaranteed investment certificates and long-term bonds bearing interest at coupon rates as disclosed in schedule 2. SRHA's mortgages payable and bankers' acceptance subject to interest rate swap outstanding as at March 31, 2017 have fixed interest rates which represent 68% of the total long-term debt (note 6).

Although management monitors exposure to interest rate fluctuations, it does not employ any interest rate management policies to counteract interest rate fluctuations, except as disclosed above.

(e) Liquidity risk

Liquidity risk is measured by an organization's ability to fulfill its financial obligations as they become due. As at March 31, 2017, SRHA had current operating financial assets of \$29.1 million and current operating liabilities of \$166.5 million which represents a working capital deficit of \$137.4 million.

SRHA has current restricted financial assets of \$70.6 million and current restricted liabilities of \$22.2 million which represents a working capital surplus of \$48.4 million. As at March 31, 2017, SRHA has complied with all restrictions placed on contributions received.

SRHA faces the risk of exhausting its cash on hand in the upcoming year. SRHA is economically dependent on continued funding from the Government of Saskatchewan and will continue its work with the Government of Saskatchewan to mitigate the risk of a cash shortfall through funding adjustments or other financing arrangements. The magnitude of the liquidity risk is dependent on funding levels, available credit facilities and future amalgamation of SRHA into the Provincial Health Authority (note 18). SRHA manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing and financing activities. SRHA prepares annual capital and operating budgets and forecasts which are regularly monitored and updated as necessary.

As at March 31, 2017, SRHA is committed to the following operating and restricted liabilities, including principal and interest, based on the expected undiscounted cash flows from the reporting date to the contractual maturity date:

| | Carrying amount | Due in less than 1 year | Due in 1 to 3 years | Due in 3 to 5 years | Due after 5 years |
|--|-------------------|-------------------------|---------------------|---------------------|-------------------|
| Accounts payable and accrued liabilities | \$ 76,561 | \$ 76,561 | \$ - | \$ - | - |
| Accrued salaries | 29,818 | 29,818 | - | - | - |
| Vacation payable | 56,491 | 56,491 | - | - | - |
| Deferred revenue | 14,997 | 14,997 | - | - | - |
| Long-term debt | 50,442 | 10,836 | 5,454 | 4,764 | 29,388 |
| Total financial liabilities | \$ 228,309 | \$ 188,703 | \$ 5,454 | \$ 4,764 | \$ 29,388 |

(f) Fair value

The carrying amounts of these financial instruments approximate fair value due to their immediate or short-term nature.

- Accounts receivable
- Accounts payable and accrued liabilities
- Accrued salaries and vacation payable
- Cash and cash equivalents
- Short-term investments

The carrying value of other investments approximates their fair value as interest rates are consistent with current market rates. The fair value of long-term debt before the repayment required within one year is \$46.8 million (2016 - \$42.3 million) and is determined using discounted cash flow analysis based on current incremental borrowing rates for similar borrowing arrangements, net of mortgage subsidies.

(g) Operating line of credit

SRHA has a line of credit limit of \$3.4 million with the Royal Bank of Canada with interest charged at prime per annum. The line of credit is secured by a general security agreement. SRHA has a line of credit of \$4.0 million with the Bank of Montreal for a Corporate Purchasing MasterCard Program with interest charged at prime plus 2.0%. Total interest paid on the lines of credit in 2017 was \$nil (2016 - \$1,092). These lines of credit were approved by the Ministry of Health.

15. Energy Renewal Project

Energy performance contracting is a unique program that allows SRHA to implement facility improvements, reduce energy costs, improve health and comfort conditions while contributing to the province's environmental objectives. *Johnson Controls Canada LP* performed extensive research to establish a baseline of annual cost savings they guarantee as part of this project. The project is expected to provide utility cost savings that will pay for the cost and financing of this project within an established time frame. Any additional savings are calculated and verified by methods established in the contract and are applied to the loan. SRHA entered into a guaranteed energy performance savings contract with *Johnson Controls Canada LP*.

The total cost of the energy performance contract is \$13.4 million which has been financed through bankers' acceptances subject to interest rate swap with a balance of \$12.8 million outstanding (2016 - \$13.4 million). Total interest paid in 2017 was \$262,725 (2016 - \$123,315).

Construction work for the energy performance contract was completed in May 2016 and cost savings for the period June 1, 2016 to February 28, 2017 was \$825,000.

16. Volunteer services

The operations of the SRHA utilize services of many volunteers. Due to the difficulty in determining the fair market value of these donated services, the value of these donated services is not recognized in the consolidated financial statements.

17. Collective agreements

The SEIU contract expired March 31, 2017 and negotiations are in the early stages and an estimate of the settlement is not determinable at this time. The SUN and HSAS contracts are in effect until March 31, 2018.

18. Restructuring

The Province of Saskatchewan has announced its intention to amalgamate Saskatchewan's 12 existing Regional Health Authorities, including the SRHA, into one Provincial Health Authority. The amalgamation is expected to occur in Fall 2017. Although the SRHA will be dissolved upon completion of the amalgamation, it is expected its assets, liabilities, and operations will be assumed by the Provincial Health Authority. As a result, these financial statements have been prepared on a going concern basis.

19. Comparative information

Certain comparative figures have been reclassified to confirm with the financial statement presentation adopted in the current year.

This schedule is prepared on an accrual basis, and accordingly, amounts disclosed, including severances and vacation payable, are either paid or payable at year end and are based on management's best estimates.

(1) Salaries include regular base pay, honoraria, sick leave, vacation leave and merit or performance pay, lump sum payments, any other direct cash remuneration and contractor payments. The pay for performance compensation plan has been suspended for the 2014-15, 2015-16 and 2016-17 fiscal years. Senior employees will receive 100% of their base salary for 2014-15, 2015-16 and 2016-17. Contractor payments include payments to individuals contracted to provide services to SRHA.

(2) Benefits and allowances include the employer's share of car, relocation allowances, lifestyles spending account and Group Life Insurance that are taxable to the employee.

(3) These are payments made by SRHA to 3sHealth Shared Services Saskatchewan for the SRHA's portion of the individual's role.

(4) This position is an employee of St. Paul's Hospital. St. Paul's Hospital is responsible for a number of care groups on behalf of the Saskatoon Regional Health Authority.

(5) These are payments made by SRHA to the University of Saskatchewan for the SRHA's portion of the individual's role.
