

## FAMILY PHYSICIANS ACCEPTING PATIENTS

SHR provides this list as a courtesy and for information only and is not intended and should not be considered an endorsement or recommendation of any particular physician. Having a regular family doctor is associated with greater continuity of care and improved health outcomes. It is recommended that every Canadian have a regular family doctor. This list is created based on requests by physicians to be included on the list. We recognized the need to review our criteria for creating the list and in the interim, will not post the name of any physician who is under investigation by the College of Physicians and Surgeons of Saskatchewan.
